The Flag of Freedom Floats Above Our Warships

Whose mission is to protect our shores ---and FIGHT! Everybody is eager to know more about these superb fortresses which guard the nation's honor. We have arranged for our readers to secure for a merely nominal sum a Portfolio Series in ten parts, each containing 16 reproductions of special photographs, 160 in all, each accompanied by Explanatory Text, in which are described the vessel's armor, guns, engines, power, etc. In short, the very information wanted for a full understanding of the fighting and maneuvers of the fleets and single vessels. But this is NOT ALL you get out of the Portfolio Series for the islands which the ships will protect will receive their share of attention, and the reader feels on turning the last leaf that he has had Cuba illustrated in a manner to enable him to judge of the island's past and present. But he does not stop here, as considerable space in the series is devoted to another island realm which we may own someday. In some of the parts he finds Hawaii portrayed and everything explained which an American needs to investigate.

How to Get Them

Fill out legibly the coupon below, stating how many you wish and bring or send it to the THE BEE with your order. It will be more convenient to send \$1.00 at once, as you can thereby avoid the bother of waiting and including a time for each issue. They will be sent to any point in the United States, Canada or Mexico, postpaid.

GOSSIP FROM THE CAMP.

The Soldiers at Chickamauga Park Praying for a Hard Down-pour of Rain.

THE DUST IS BECOMING INTOLERABLE.

A Movement on Foot to Induce the President to Pay a Visit to the Camp on the Fourth of July--The Letter Hospital Ready for Opening--The Men Settling Down for a Summer's Work.

CHICKAMAUGA NATIONAL PARK, Tenn., June 8.—The usual hard drills and maneuvers are employing the various regiments of Gen. Brooke's big volunteer army. The temperature continues high, but it is again relieved somewhat by a steady breeze. What the whole army is now praying for is a hard downpour of rain. The dust is increasing daily, and unless rain soon abates it, will become an almost unbearable nuisance. Thousand of horses and wagon constantly moving along the park roads and the long dry spell have combined to make this nuisance the worst, and in fact the only considerable one with which the army has to contend.

Gov. Bradley and staff of Kentucky are here, and Gov. Hastings of Pennsylvania, with his staff, is scheduled to arrive Saturday.

A movement is now on foot to have President McKinley, and such of his cabinet officers as can accompany him, inspect the park army on the Fourth of July. A formal invitation will be extended, and the president will be urged to accept. If the invitation is accepted, the president and his party will be elaborately entertained by the city and at the park.

The Letter hospital will probably be opened Thursday. All the most serious cases will at once be transferred to it. The place is an ideal one and the army patients will enjoy every comfort in it.

A large number of the volunteers are still suffering with sore arms on account of the vaccination.

The men of the First Missouri were uniformed Tuesday, and will be fully armed and equipped by Friday night.

The First Mississippi will be the next regiment uniformed and equipped. The Eighth Massachusetts is being inspected by Maj. Slocum, U. S. A.

Brig.-Gen. John A. Wiley, of Pennsylvania, who arrived Tuesday night, has reported to Gen. Brooke at headquarters.

A number of new wells are being drilled in various portions of the park. The supply of drinking water is now ample, and the pipe lines furnish an abundant amount for other purposes.

Gen. Brooke has issued an order forbidding hucksters and peddlers going through the park. The order has gone into effect, and the change is very noticeable. Hundreds of wagons have been going from camp to camp selling inferior stuff of various kinds, and a number have been making small fortunes off the soldiers.

The First Ohio cavalry has been ordered to discontinue preparations for departure. It has been understood for several days that this regiment would move as soon as it could get in readiness. The reason for the change in orders is not apparent.

A number of regiments are scheduled to arrive during the next few days. The First Kentucky is due today, and is transferring the army or any part of it is about at an end, and the men are settling down for the summer.

ADMITTED SPANISH LOSSES.

News Received in Havana from Santiago de Cuba of Losses in Monday's Bombardment.

HAVANA, June 8.—Details from Spanish sources at Santiago de Cuba have been received here of the Spanish losses during the bombardment of the fortress on Monday. The "marina chief" killed on board the Reina Mercedes was former Capt. Emilio Acosta Eyzaguirre. Ensign Alejandro Molinas, also on the Reina Mercedes, was killed. Col. Ordenez, of the artillery, and inventor of the cannon bearing his name, was slightly wounded. Some other officers were slightly wounded by projectiles, and shells and fragments scattered by the explosion of shells on land.

The insurgents dynamited a passenger train near Canas, province of Pinar del Rio, overthrowing one car and demolishing the train.

CRUISER VIZCAYA DAMAGED.

A Shot From the Brooklyn Sailed to Have Damaged the Spanish Cruiser and Wounded Several of Her Crew.

New York, June 8.—A special from Kingston, Jamaica, reports that the Spanish cruiser Vizcaya was badly damaged during the bombardment of Santiago's defenses on Monday. A shell from the Brooklyn is said to have burst under the Vizcaya's port quarter, dismounting a gun, injuring the cruiser's rudder and wounding several of her sailors.

Just a Large and Five Men.

PHILADELPHIA, June 8.—A dispatch to the Marine Exchange from Charleston, S. C., says that the United States steamer Leonidas put in there en route from Norfolk to Key West and reports that on Saturday night the lost an iron water gauge with five men which she was towing.

Death of Judge Grinnell at Chicago.

CHICAGO, June 8.—Judge Julius F. Grinnell died suddenly at the Illinois Trust & Savings bank. Judge Grinnell was famous for the record he made as a fearless public servant, particularly as state's attorney during the prosecution of the Haymarket anarchists.

A Good Cause for Rejoicing.

DURHAM, N. C., June 8.—President Kilgo of Trinity college has just announced the gift of \$100,000 to the endowment fund of the college by Washington Duke. Mr. Duke has given in all \$350,000 to Trinity college. There is great rejoicing among the students and faculty.

FORWARD MOVE TO SANTIAGO.

The Army of Invasion Said to Have Left Tampa En Route for Key West, Thence to Santiago.

ST. LOUIS, June 8.—A special to the Post-Dispatch from Washington says: WASHINGTON, June 8.—It is "on to Santiago" in earnest, as transports with troops left Tampa at high tide. Others will get away during the day, and by daylight Thursday the army of invasion will be in rendezvous at Key West. From there they will proceed immediately to or near Santiago. Adj.-Gen. Corbin, Tuesday night, sent to Gen. Miles the final orders for Gen. Shafter, who commands the army of invasion.

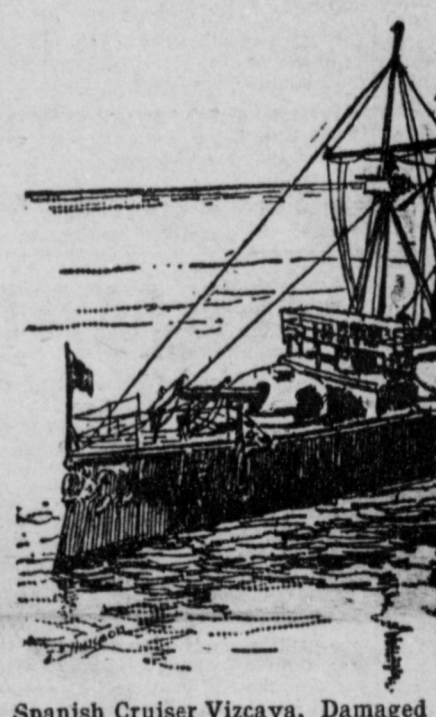

Following are the troops, all regulars, that he will take with him: Cavalry—First, Second, Third, Fifth, Sixth, Ninth and Tenth regiments. Infantry—First, Second, Third, Fourth, Sixth, Eighth, Ninth, Tenth, Twelfth, Thirteenth, Sixteenth, Seventeenth, Twentieth, Twenty-first, Twenty-second, Twenty-fourth and Twenty-fifth regiments.

Artillery—Batteries E and K, First artillery; A and F, Second artillery; C and F, Third artillery; B, F, G and H, Fourth artillery; B, F, K and M, Fifth artillery.

The engineer battalion and a balloon corps form part of the expedition. The heavy siege train of artillery is under command of Maj. S. S. Mills of the Sixth artillery.

Physically, the command will compare with any troops in the world. All are armed with the Krag-Jorgensen magazine rifles.

Three days will be consumed on the voyage, assuming that an average

speed of ten knots an hour is made. Some of the transports can do much better. It is probable that the men-of-war will keep the fleet in close order. A higher rate of speed may prove impracticable.

The president hopes to receive decisive intelligence of the landing of the expedition on Sunday night.

WHY PINKERTON WAS THERE.

The Detective Visited Washington to Assure the Government that He was Not in the Employ of Spain.

WASHINGTON, June 8.—In reference to the repeated assertions of the Wm. A. Pinkerton, of Chicago, had been in Washington to confer with the war and navy departments, in reference to spies in this country, it is authoritatively stated at the department that he was not engaged in working for Spain. The fact that his people had been employed to make investigation in connection with the filibustering expeditions, before the present war broke out, and the necessarily intimate relations that had existed between the agency and the Spanish representatives in this country, led to a belief in some quarters that he was a spy in Spain's employ since hostilities began, and it was for the purpose of explaining the exact attitude of his agency and of expressing his loyalty to the government, it is said, that Mr. Pinkerton came to Washington.

PHILIPPINES TRANSPORTS.

Assistant Secretary McKeljohn Chartering Transport Steamers by Contract or Imposition.

WASHINGTON, June 8.—Assistant Secretary McKeljohn has chartered the steamships Indiana, Morgan City and City of Para for transports of troops to the Philippines; has closed a contract for the Victoria, Olympia and Arizona, of the Northern Pacific line; has secured the privilege of acquiring the Tacoma and the Columbia, if needed, all five on condition that they be given an American register. He also has ordered that the United States Senator, Queen and City of Pueblo, of the Pacific Coast Steamship Co., if found satisfactory.

A Busted British Millionaire.

LONDON, June 8.—A receiving order in bankruptcy has been issued against Ernest Terah Hooley, for years prominent as the biggest company promoter in this country, prominently interested in bicycle, land and other concerns, and was supposed to be a multi-millionaire.

W. E. Sparks, of Alton, Ill., has received a commission as lieutenant in the United States navy. Mr. Sparks was formerly a navigating and ordnance officer of the Illinois naval reserve. He has orders to go to the front at once.

About 100 men have been indicted by the federal grand jury at Fort Scott, Kas., for burning two young Indians, Sampson and McElroy, at the stake, for the murder of Mrs. Laird, to which crime Hargo, a young full-blooded Seneca Indian, had confessed.

THE CHRISTIAN SOLDIER.

Annual Meeting of the Congregational Home Missionary Society at Cleveland, O.

ANNUAL ADDRESS BY GEN. O. O. HOWARD.

"War, Arbitration and the New Demand for American Home Missions" His Subject—Annual Meeting of the Woman's Department, an Important Auxiliary, Also Held.

CLEVELAND, O., June 8.—At the second session of the seventy-second annual meeting of the Congregational Home Missionary society the president, Gen. O. O. Howard, delivered his annual address. His subject was "War, Arbitration and the New Demand for American Home Missions." He spoke in part as follows:

Secretary Alger Declines to Discuss the Movements of the Troops From Tampa.

DOESN'T WANT TO GIVE SPAIN POINTS.

The War Department Annoyed at the Attempts of Some of the Newspapers to Indicate the Exact Point of Debarkation of the American Troops—Nothing Further From Sampson.

WASHINGTON, June 8.—Secretary Alger positively declined to say whether or not United States troops had sailed from Tampa for Cuba. He

MAJ. GEN. O. O. HOWARD, RETIRED. His Lord has his own way of leading men. He has led our people and our president in the way they did not dream of step by step, to face new difficulties and new problems. He is requiring us as he did in the days of slavery, to remove obstacles out of his path. The obstacles that have now come to the front are centuries of extortion, murder, assassination, the slaying of hundreds of thousands of innocent people by slow starvation and avarice, and a tyrannical government which no man can describe.

We wanted to do all things by peaceful methods. We wanted to extend our influence from men to men and nation to nation by every element of peace and good will. We wanted to think that the closest property claimed and sufficiently proclaimed would accomplish not only the redemption of our own society, but the reformation of nations. Arbitration was held out upon us as something that would cause all wars to cease, and all bloodshed and cruelty resulting therefrom. We looked at our own supreme court. We saw how difficult of every nature were settled by its decision. We saw that between the states the states were not likely to occur again. We strongly believed that if we could have an international tribunal like that of our supreme court, somehow established, not very clearly defined to our minds, which would carry out its decisions into practical execution, no possible contingencies would arise to make war a possibility, or a necessity, and yet, with a president thoroughly Christian, conscientious and just, and with a navy, we have come into the midst of another war, between two nations, each ready to already on route, to seize and hold territory beyond the limits of our domain. Nations have not yet progressed far enough to have people been yet thoroughly instructed enough in the principles of human liberty and rights.

When peace comes and our hearts are united, north and south, east and west, and we might be prepared to carry the old tidings of great joy in simplicity and in thoroughness to all who come to us from other nations!

I beg of you at this epoch, which appears to me to be the beginning of convulsions and revolutions in human society, to put yourselves, you who are leaders in missionary work, in the attitude of the Lord our Saviour may give you, directly or out of His holy word.

The sixteenth annual meeting of the "Woman's Department" was also held. Mrs. H. S. Caswell, of New York, presiding. She said that the woman's organization now cover the entire territory of the United States, with the exception of Alaska.

The woman's organization has added to the treasures of the national societies this year over \$100,000. Before another annual meeting, some plan may be evolved, by which men, women and children of each church may belong, as a united company, to a prosperous church missionary society, lavishly pouring their offerings into the church treasury to be forwarded from that treasury to the national missionary societies for the great work assumed by each.

Mrs. Lydia Tichnor Bailey, of Seattle, Wash., delivered an address entitled "A New Vision."

The concluding address was by Mrs. Alice Freeman Palmer, of Cambridge, Mass., ex-president of Wellesley college. In answer to the question, "How Can Woman Save Our Country?"

THREE CHILDREN BURNED.

Terrible Fate Resulting from Children Playing with Matches Near a Coal Oil Can.

PITTSBURGH, Pa., June 8.—Three children met death in a frightful manner Tuesday evening in Allegheny. By the explosion of a can of oil their clothing was ignited and the children were burned so terribly that they died in a short time. The victims were Ella, Edith and Harville Watts, children of Charles Watts, of Ferncy's Hill, near Woods Run avenue, aged eleven and seven years and four months respectively.

The eldest child proved herself a heroine, for with the flames roaring her body she tried to carry her baby brother to a place of safety. Mrs. Watts was badly burned in trying to save her children.

The children were playing in an out-house in the yard, and one of them

THE FIFTY-FIFTH CONGRESS.

(First Regular Session.) SENATE.

WASHINGTON, June 8.—Soon after the senate convened Mr. (Mc.), chairman of the naval affairs committee, reported favorably a bill to organize a hospital corps of the United States navy, to define its duties and regulate its pay. The bill was passed.

The house provision that the application of the act be limited to the duration of the present war with Spain was eliminated from the bill.

Mr. Mason (Ill.) reported from the committee on post offices and post roads, a bill extending the franking privileges through the mail to the officers and men of the army and navy during the existing war, the privilege to extend only to first class matter, each piece weighing not more than one ounce. Went over under objection.

HOUSE.

The day's session of the house began with a slight burst over the annexation of Hawaii. The regular order, pursuant to unanimous consent granted Tuesday, was the consideration of the conference report upon the salary civil bill. Mr. Smith (rep. Mich.) demanded the regular order, but withdrew it temporarily to permit the consideration of a minor measure.

Mr. Grosvenor (O.), (rep.), a leader of the annexationists, gained recognition and asked unanimous consent to read and have referred to the committee on rules a resolution providing for giving the Hawaiian resolution precedence over all other business except conference reports until disposed of. The resolution was sent through the regular channel, and the regular order was taken up.

HOW THOSE DONS CAN LIE.

They Say Sampson Was Repulsed at Santiago with a Loss Estimated at Fifteen Hundred Men.

MADRID, June 8.—A semi-official note is published here purporting to give an account of the bombardment of Santiago de Cuba by the American fleet on Monday last.

"The American navy, under Admiral Sampson, has fiercely attacked Santiago de Cuba and a bloody encounter ensued. The Americans made three attacks on the Spanish cruiser Reina Mercedes, which replied. As a consequence the Americans were repulsed with heavy losses, estimated at 1,500 men. The American projectiles, however, sank the Spanish cruiser Reina Mercedes, five sailors and 29 marines being killed."

A SAMPLE OF SPANISH LIES.

A Spanish Report to the Effect that Capt. Philip of the Texas was Killed by a Spanish Shell at Santiago.

WASHINGTON, June 8.—Reports coming from Spanish sources, and apparently in Madrid, have stated that Capt. Philip of the Texas had been killed by Spanish shells. The president said the report undoubtedly was untrue, and said that it was evidently baseless, as Admiral Sampson's official report stated that there were no casualties.

At the navy department considerable indignation is felt at the report of Capt. Philip's death, the department saying that no basis whatever for it in the official report exists, and that it is calculated merely to alarm his family and friends.

To Raise the Spanish Ships Sunk in Manila Bay.

SAN FRANCISCO, June 8.—Private advice from Washington say that the United States government will raise the Spanish vessels sunk in Manila harbor by Admiral Dewey's gunners, and that three San Francisco firms, P. Whitelaw & Son, A. Woodside & Co., and the Pacific Mail Steamship Co., will be called on for bids for undertaking the work.

Illinois Central R. R.

OF INTEREST TO STOCKHOLDERS.

Free Transportation to Attend the Annual Meeting at Chicago—Some Interesting Facts.

In order that stockholders of the Illinois Central Railroad Company may more readily attend in person the annual meeting, there has been posted in each station of the Company a notice to the effect that, in accordance with a resolution of the Board of Directors, there may be issued to each holder of one or more shares of the capital stock of the Illinois Central Railroad Company, as registered on the books of the Company, a ticket enabling him or her to travel free over the Company's lines from the station of the Illinois Central Railroad nearest to his or her registered address, to Chicago and return, for the purpose of attending, in person, the next Annual Stockholders Meeting of the Company, which will be held at its general office in Chicago on Wednesday, September 28, at noon. Details as to the necessary procedure to obtain such a ticket, the date of its issue and limit are fully set forth on the posted notice referred to. In this connection it will be interesting to note that since, in 1862 the capital stock of the Company became full paid, a cash dividend, ranging from 4 per cent to 10 per cent, per annum, has been paid semi-annually to every holder of stock, and that it is now twenty years since the Company, in any year, paid less than 5 per cent, the present rate of distribution.

LOCAL NEWS.

"I'd like to be a warship!" said the spinster as she scanned the columns of the paper.—L. A. W. Bulletin

Mr. McNeil Bond and family, of Nashville, have been visiting the family of Mr. Jo F. Foard, at Hecla.

Mrs. Ray McDonald, who has been ill for some time, is still very low. She has many friends who hope for her recovery.

Rev. Elijah Timmons, of Mayfield, stopped over here Monday night enroute to Webster county to visit relatives and friends.

Wat Nisbet, a highly gifted knight of the brush of Madisonville, has treated the residence of Denny Berrigan to a full dose of variegated lead and oil.

Mr. Howard White, Jr., left Wednesday morning for a three-weeks' visit to relatives in and about Philadelphia, his home before taking up his abode in our city.

Dr. Geo. J. Gooch, of Empire, Ky., who formerly resided in our city, made this office a pleasant call Saturday. We are always glad to see the jolly, good-natured doctor.

Mr. C. M. Hibbs, of Providence, came up to our city Wednesday to meet his little boy who has been attending the deaf and dumb institute at Danville, and has come home to spend vacation.

The sympathy of the entire community is extended to Mr. and Mrs. H. S. Corey in the loss of their baby boy, born last Saturday morning and which lived but a short time afterwards. Mrs. Corey at last accounts was doing as well as could be expected.

We are glad to note that Mr. S. E. Stevens, who has been on the sick list for several days, has resumed business at the old stand. He suffered from a malarial attack which has greatly reduced the size of his shadow, in fact, he has to stand twice in the same place to make the "least trace, sign or resemblance" of a shadow.

Esquire James Head last Tuesday said his residence in the southeastern part of the city to Mr. Louis Rice. Consideration \$1,250. Mr. Rice will reside there in the future. In a recent conversation, Esquire Head announced his intention of leaving our city, probably going West. He is an old landmark and we regret to see him leave, but such is life.

Snakes to the Front.
Joseph Egloff killed a rattlesnake last Friday in the Company Vineyard that had eight rattles and a button. If venomous serpents are so abundant in "them diggins" the boss editor would suggest that some "latter day" Saint Patrick be induced to invade that vineyard and exercise his banishing powers over the pestiferous reptiles.

Matrimonial Noose.
Madam Rumor is responsible for a report which is being widely circulated and universally believed that Mr. John Salmon and a popular young lady of Nebo will launch out upon the "high seas" of matrimony within a few days. We don't give away "office secrets" and the dear public can employ its leisure moments guessing the name of the young lady.

Back Again.
Frank Kash, who has been absent since last September attending the Massachusetts Institute of Technology returned home last Monday night. Although he has changed a great deal in the way of altitude and avoirdupois, he remains the same, genial, cheerful, good hearted fellow, and was warmly welcomed by innumerable friends. He will sojourn in our midst until September, then return to attend another session at the same institution.

Foot Crushing.
Last Monday evening as Charles Curtis was driving a heavily loaded log wagon along a steep hillside one of the logs slipped and he sprang to the ground to avoid being crushed by it. His feet became entangled in the lines and he threw him under the wheel which ran over his foot, badly crushing that member. Fortunately the log was chained in such a manner that it was held upon the log seat or he would have met a fearful death. No bones are broken in his foot, but so severely is it crushed that he will be laid up for some time.

Singular Incident.
Mr. Kenyon Harper who lives about two miles out on the St. Charles road owns a cat that is something out of the ordinary. A few nights since a mink invaded the feline's family and cut the throats of her entire litter of kittens. The bereaved animal repaired to a field near by and returned with a young rabbit, the eyes of which was yet unopened and without the least ceremony adopted the little bunny as her own and lavishes more care and attention upon this little alien than its natural mother probably ever did. This strange incident is attested by an eye-witness and is creating considerable comment in that section.

Welghed and Found Wanting.

Monday evening Judge Cowell adjusted the "trembling balance" and gave citizens DeVylder and Billy Walton a weigh. It seems that one day last week these parties during a business dialogue, used an excess of un-Sunday school language and DeVylder caused Walton's arrest, alleging undue freedom of speech. The trial was one of the most creamy nature. DeVylder admitted that he attempted to flatter Billy by calling him "an old rascal." Billy denied the soft impeachment he admitted that he practiced ways which are dark and tricks not altogether vain when engaged in the uncertain games of seven up and draw poker, but claimed that in his daily walks and business transactions he was as square as the ten commandments. He admitted his poverty of language in not finding a suitable epithet to apply to Mr. DeVylder, and, in this strait, he had the gentleman "an old Spanish scoundrel," preceded by an adjective which all apply to the front end of a mill pond. The judge levied a tax of "five dollars and trimmings," and the olive branch of peace once more waved over the town.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. Sunday Feet-ures.

Last Sunday was the annual foot-washing at Flat Creek. The day was unusually bright and the largest multitude assembled that has ever gathered in the history of that congregation. Elder Morgan preached a sermon of great length and beauty, to which the most respectful attention was paid, and utmost decorum prevailed among the vast concourse of people who thronged the adjacent groves. After a short recess the ordinances of the Last Supper and foot-washing was administered, and during these ceremonies such ill bred curiosity was exhibited by a large number of young people that Rev. Morgan gave them such stinging reproach that they sat down and conducted themselves with great propriety during the rest of the service. The day passed away pleasantly and everybody enjoyed the occasion.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the State was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done for me, and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm, the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured." Distressing False Report.

Last Saturday evening a report started and spread with the rapidity of wildfire that Grover Long, an eight-year-old son of M. B. Long, was drowned in the lake. Nobody knew the origin of the rumor but everybody believed and repeated it and soon the doleful news had spread over the city. Meanwhile a general rush was made for the lake but no one could be found that knew the slightest concerning him. Great anxiety and distress ensued, but fortunately news soon came that he was in the city alive and well. It seems that the day before he had fallen in the No. 11 pond and somehow or other the report of his supposed drowning grew out of this circumstance.

Disappeared.

Claude Fox, a young man about twenty-five years of age, who for several years past has clerked for Crabtree Coal Company, left home last Friday night. His whereabouts remain a mystery. He took his clothing and drew part of his money out of the bank. In a note he left behind he stated that his friends might hear from him again and they might not. No reason whatever can be assigned for his strange action. He was a young man of unusual steady habits, was well known and universally liked. His father Esquire James Fox resides at St. Charles and is known throughout the county. Relatives and friends are greatly distressed over his sudden leaving.

THE GLORIOUS FOURTH

Will Be Celebrated by the A. O. U. W. Lodge of This Place.

A GRAND PICNIC AND BARBECUE

Will Be Given—They are Preparing for One of the Largest Crowds That Has Ever Visited Earlington.

The Hopkins Lodge, No. 61, A. O. U. W., of this place, will give a grand picnic and barbecue on the Fourth of July.

As the Fourth of July crowds, in past years, have always been immense, and remembering this, and having in mind the patriotism that has inspired the people of our grand country at this time, the members of this lodge will leave no stone unturned in making ample arrangements to provide for the many thousands of patriotic citizens that will be present on this gala occasion.

Everybody, old or young, wants to celebrate the Fourth this year, as it has never been before, and there is no doubt but that the picturesque Lakeside Park will be one perfect surging mass of humanity from early morn until late at night, while Old Glory will be found here, there and everywhere, with her colors unfurled to the breeze.

There will be meats, barbecued in the old-fashioned way, that will tickle the palate of the most fastidious epicurean, and there will be refreshments, consisting of all the delicacies of the season in great abundance, so all who come, no matter how many, will find plenty to eat and amusements of all kinds for everybody.

Neighboring lodges have a special invitation from Hopkins Lodge to be present and help them celebrate on this patriotic occasion.

For further particulars see large posters. Everybody come!

What people are saying about Hood's Sarsaparilla? It is curing the worst cases of scrofula, dyspepsia, rheumatism and all forms of blood disease, eruptions, sores, boils and pimples. It is giving strength to weak and tired women. Why should you hesitate to take it when it is doing so much for others?

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

The Ice Cream Supper.

The ice cream supper given by the Christian Endeavor Society at Assembly Hall Tuesday night was well attended and a pronounced success. The hall was beautifully decorated with ferns and flowers, the national colors were profusely displayed, whilst numbers of Japanese lanterns added to the beautiful scene. The tables were dressed in the most attractive manner and cream, sherbet and cake abounded. A gypsy tent stood out in bold relief and five weird maidens who occupied the tent plied their trade of fortune telling. A most prominent feature was the lemonade well presided over by two Rebekahs who were impersonated by Mrs. Cramer and Miss Carrie Crenshaw, who, dressed in ancient Oriental costume, served out the frigid beverage to the thirsty.

The evening was one of great enjoyment and pleasure, everybody being delighted with the abundant refreshments and charmed by the captivating music of the gypsy maidens. Attendance was good, and the neat sum of \$30.95 was realized which will be expended in the purchase of books and supplies for the society.

The merit of Hood's Sarsaparilla is literally written in blood. It is traced in the vital fluid of millions of the human race. Its positive medicinal merit and curative power is written upon the hearts and graven upon the minds of thousands of people whom it has cured and given good health. When there seemed nothing before them but darkness and despair. It cures all diseases arising from or promoted by impure blood by its intrinsic merit. The One True Blood Purifier.

Memorial Service.

The Knights of Pythias will hold memorial services in the Assembly Hall on Tuesday evening, June 14th. Service will begin at 7:30 p. m. Rev. C. C. Hall will deliver an appropriate address for the occasion. A general invitation is extended and a large attendance is certain.

The following is the program:

Visited Chickamauga.

Mrs. P. B. Davis returned from Chickamauga Monday night, where she went to see her son, Eldred, who is a member of Company A., from Madisonville. She reports the soldier boys all getting along nicely with the exception of two or three who were slightly under the weather. She said they all seemed very well pleased with camp life, and many expressed their hope of being sent to the Philippines. While there she also saw a nephew of hers, Ernest Hall, son of B. W. Hall, a merchant who formerly resided at Madisonville, but who is now located at Chase, Kan. Ernest is a member of the Twenty-first regiment of Kansas Volunteers, a well equipped regiment.

A Groomsome Visit.

Whilst roving around in quest of news the "boss" editor dropped into Dr. Chatten's surgical office of which glittered and glistened to the eyes bulged out at the full completeness of this gruesome department. A modern operating table stood in the center of the room, which can be raised, lowered, tilted or extended, giving any position or inclination required. Glass fronted cupboards stood about the room, upon the shelves of which glittered and glistened every kind of modern surgical tools and instruments, the sight of which caused the cold chills to run up the "boss" editor's back like a lizard with a turkey after him. After explaining the use of all the knives, saws, shears, hooks and crooks to the nag man, till his hair stood up as 'straight as the straws in an inverted broom, the Dr. produced something 'like a large grip beneath which was strapped a system of copper pans like a knock down dinner bucket. This when mounted upon a trivet and fitted with suitable sieve divisions, finished with a tight fitting top makes a complete sterilizer being heated by a spirit lamp placed at the bottom and is known as "Schimmelbusch's Instrument and Dressing Sterilizer." This and the accompanying grip known as "Gersters Emergency Bag" makes a complete outfit for emergency operations.

By this time the blood of the nag man was so cold that to avoid a congestive chill he put on an overcoat and sat a few hours in the hot sunshine till he had regained his equilibrium.

No other preparation has ever done so many people so much good as Hood's Sarsaparilla, America's Greatest Medicine.

Still Leading.

A stranger visiting our town this week would readily conclude that we were casting up fortifications along our streets against a threatened invasion of the Spanish. But such is not the case. That corps of men so busy with pick and shovel are not fortifying but merely excavating for an extended water main which will cross the railroad and extend up Main street as far as the residence of Frank Arnold. Smaller pipes from this will ramify the streets affording water and fire protection to the citizens of the southern part of our town a pattern for even larger ones to follow.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house," says A. H. Pater, with E. C. Atkins & Co., Indianapolis, Ind., and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not imply stop pain, but cure absolutely. It is all right, and any one who tries it will find it so. For sale by St. Bernard Drug Store, Earlington; George King, St. Charles; Ben T. Robinson, Mortons Gap.

Don't Wait for the Wagon, Hire a Wheel.

Barnett & Arnold have come up and taken a front seat by adding to their lively business a good stock of bicycles which includes ladies' and gents' wheels and also a "tantrum." Parties who enjoy a spin and who do not own a wheel can indulge in the luxury at reasonable "riggers" by calling on the above. We will also remark in parenthesis that a wheel doctor who is up to snuff can realize a fortune by locating in that vicinity if he will simply stay on hand and heal the ills that wheels are heir to.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels greatly invigorate the system. Regular size 25c per box. Sold by St. Bernard Drug Store.

Home, Sweet Home.

We note that Dr. Mothershead has been duly installed in his new and beautiful residence on Main street, where he can now sit under the shade of his own fig tree with none to molest nor make him afraid.

During the week Dave Vinson took possession of his new house in the southern part of the city. Dave will not sit in the shade, even a little bit because there's nothing as tall as a mullein stalk to cast a shadow in his proximity and unless he embarks in the gourd business a la Jonah, the solar rays will get a fair lick at him from the rising of the sun to the going down of the same.

A Remarkable Dog.

Mr. George Hooser, a switchman in the yard here, owns a dog that is certainly something out of the ordinary. Said canine is about two years old and promptly responds to the name of Nig.

About six months since Nig took it into his head to learn railroad-fully followed the switch engine every day back and forth in the yards in its ceaseless duty, and when tired of running alongside, he will mount the foot-boards, ride till he has rested and then resume his chase. He knows the whistle of the shift engine as well as he knows his master's voice, and nothing can induce him to either board or quit the engine while it is in motion, thereby displaying better judgment than many brakemen upon the L. & N. system.

Should he miss his master at any time, day or night, he will repair to the yard and seek him, first upon the engine, and then in the yards until he is found.

Nig is peculiar in his tastes. He would starve sooner than eat anything from a plate. His diet is cake, pie and lean meat; bread and fat meat he will not notice. He has to be fed from the hand. His general disposition is social and friendly and he greatly enjoys a romp with friends when not on duty.

It is sad to reflect upon the future of this faithful creature. At some future day he will doubtless be caught beneath the relentless wheels and ground to pieces, thus ending a life of faithful fidelity, if not usefulness.

As poor Nig's name does not appear upon the pay roll of the L. & N., the management of the system would only be doing the square thing to present him a nice brass collar, bearing his name and the name of the great railway system he so faithfully serves.

LESSON XI, SECOND QUARTER, INTERNATIONAL SERIES, JUNE 12.

Text of the Lesson, Math. xxvii, 35-50. Memory Verses, 35-37—Golden Text, 1 Cor. xv, 3—Commentary by the Rev. D. M. Stearns.

(Copyright, 1888, by D. M. Stearns.)

35. "And they crucified Him and parted His garments, casting lots, that it might be fulfilled which was spoken by the prophet, They parted My garments among them, and upon My vesture they cast lots." So it came to pass as He had many times said that it would. But who can comprehend it? The Lord of glory, the Creator of all things, hanging upon a cross with nails through hands and feet, made a curse for me, made sin for me (Gal. iii, 13; 1 Cor. v, 21), that I might be saved. He made the iron that formed the nails and the wood that formed the cross and the men who nailed Him there and consented to be subject to all for the time.

36. "And sitting down they watched Him there." Compare Gen. xxviii, 11; Esther iii, 15. How despondently and how hard and dead is the natural heart of man no one knows but God Himself (Jer. xviii, 9, 10). Perhaps you could not look upon Christ on the cross for you—yet you could not turn it. But can you look upon the multitude for whom He died, who know not of Him, and be indifferent as to whether they ever hear of Him?

37. "And set up over His head His accusation written, This is Jesus, the King of the Jews." It was written in Greek and Latin and Hebrew (Luke xxiii, 38), for it was and will yet be soon to be a truth of worldwide import. Until it becomes a reality in the eyes of all nations the world will never have the peace and prosperity that are in store for her (Jer. xlii, 17; Isa. ix, 6, 7; Luke i, 32, 33). Let us be obedient to Isa. xlii, 6, 7, and remember Ps. cxlii, 6.

38. "Then were these two thieves crucified with Him, one on the right hand and another on the left." It is added in Mark xv, 28, "And the Scripture was fulfilled which saith, And He was numbered with the transgressors." In His life they had called Him glutton, winebibber, devil, and in His death they would proclaim to the world that He was nailed to an evil deed and a liar, and He meekly submitted to it all.

39. "Save Thyself. If Thou be the Son of God come down from the cross." Thus they reviled Him in His agony and self imposed helplessness and made sport of His saying that He would raise the dead in three days (John ii, 19-21), not knowing that they were preparing the way for Him to do that very thing. He could have saved Himself. He could have come down from the cross. But He could not save Himself and others too.

40. "And He being in the midst, He said, I am the Son of God." Thus they denied the Father and the Son and rapidly filled up the measure of their iniquity. See their word "now," they would have it done now. There is much sin even on the part of God's people in their setting Him a time and saying "now," this day or week or month or year. And because He does not hurry them they find fault with Him. This is neither faith nor patience, but is more apt to be self and the devil.

41. "The thieves also which were crucified with Him came to themselves in His death." But one afterward repented and gave Him the joy of faith in Him and a name to the world, by His own testimony, was to give this divine, spiritual life, "I am come," He says, "that they might have life, and that they might have it more abundantly." This divine life was the greatest need of man, and in making it possible Christ became the greatest benefactor of the human race.

Christ's mission to give life was a mission of unselfishness. He came not to receive, but to give. False Christs had arisen, hirelings, but their concern was not for the sheep, who needed life, but for themselves. In a moment of danger they were ready to flee, willing to sacrifice the sheep if necessary to save themselves. They were thieves and hirelings, inspired with self advantage and self aggrandizement.

Christ's mission was fulfilled by the giving of His own life. "I am the Good Shepherd; the Good Shepherd giveth His life for the sheep." "I lay down My life for the sheep." He died Himself that others might have life. It was necessary that Christ should die for man could have life. We may differ as to the cause of the necessity, but cannot deny the fact. Christ Himself has testified to this necessity. "As Moses lifted up the serpent in the wilderness, even so the Son of Man must (necessity) be lifted up" to give eternal life. To the disciples on the way to Emmaus, after His resurrection, He said, "Ought not Christ to have suffered these things and to have entered into His glory?" Christ Himself declares the necessity of His death, and by His death alone was He able to gain life, to accomplish His mission on earth. It was only when He had been lifted up and the end of life was to give eternal life to the world, that He could say, "It is finished." Then and then only had He performed the work that God had given Him to do.

Christ's mission should be the mission of all Christians. As His one aim in life was to give eternal life to the world, so should be our aim and our mission. And in His case it required self sacrifice to accomplish it, so it will in ours. Christians live too much to themselves, for themselves, for Master lived for others, leaving us an example that we should follow. His last commission to His disciples was "Go and preach to every creature," seek and save that which is lost. Are we doing what Jesus did when upon earth? Are we doing what Jesus would do were He in our places today? Millions are calling for the bread of life. Let us not send them away, but let us hear His voice saying to us "Give ye them to eat," and let us do it.

The Tree of Life.

If any man or woman, any sinner, however unworthy, will begin now and faithfully hereafter shun evils as sins against God (meaning by "God" Him who is the incarnation of unselfish divine love), that same God will dwell with him and he will be saved. For him all the promises written in this book, wipe away all tears from his eyes, give him to drink of the water of life freely, lead him in by the gates into the city, but, above all, will impart to him the highest gift to which man can attain, the heart of hearts the tree of life.—Helper.

Evil Enough.

There is evil enough in man, God knows, but it is not the mission of every young man and woman to detail and report it all. Keep the atmosphere as pure as possible and fragrant with gentleness and charity.—Dr. John Hall.

People For the Week Beginning June 5. Comment by Rev. S. H. Doyle.

Topic.—Christ's mission on earth.—John x.

Christ's mission on earth was to "seek and to save that which was lost;" it was to give divine life to those who had lost it by sin and who could not obtain it in any other way. The one sole object of His coming into the world, by His own testimony, was to give this divine, spiritual life, "I am come," He says, "that they might have life, and that they might have it more abundantly." This divine life was the greatest need of man, and in making it possible Christ became the greatest benefactor of the human race.

RED, WHITE AND BLUE.

COLUMBIA, THE GEM OF THE OCEAN.

Written and Composed by David T. Shaw.

1. O Columbia! the gem of the ocean, The home of the brave and the true,
When war-winged its wide desolation, And threatened the land to be true.

2. Thy man-dates make heroes as men, When stormy seas roll in from the sea,
Thy garlands of victory round her, When the flag proudly floats in the breeze.

3. When borne by the red, white and blue, When the flag proudly floats in the breeze,
When borne by the red, white and blue, When the flag proudly floats in the breeze.
